HONORING MR. CONSTANTINOS TSAMBLAKOS

December 2018

Dear Friend,

For over 50 years, the Cathedral of Saint Markella has been a center of spirituality for the Orthodox Christian and Greek community of our area. It is thanks to your continued support that our Cathedral's mission in safeguarding our faith, traditions and culture endures to this day.

As a partner in our community, we seek your support by becoming a member of our Sponsorship Program, benefitting our upcoming fundraising event, the Annual Saint Basil's Day Luncheon. This joyous celebration encompasses the overall mission of our Cathedral in a commemoration of Saint Basil who while promoting Christianity also tended to his community by helping the poor and unfortunate.

This year, our community honors Mr. Constantinos Tsamblakos with the 2019 Bishop Petros Award. Mr. Tsamblakos has served our Cathedral through his constant presence in the Narthex of our church and his tireless participation for many decades. We invite you to join us as we honor his contributions to our community.

Four tiers of sponsorship are offered. Please review the Sponsorship Agreement form for further details.

Many thanks for your consideration,

Matthew Kalamidas
Luncheon Chairman
